

All it takes is a power plug.

EXPAND WIRELESS ACCESS IN MANCHESTER

Dynamic Network Services is organizing free wireless Internet access in the downtown area. Be part of expanding this community-based wireless network with a flick of your wrist.

Joining requires no technical know-how and only a small, entirely refundable, deposit fee. All we need is your permission and a power plug.

You, your friends, and your customers can use the DynWifi network for business or pleasure everywhere DynWifi is available.

And you can do it all for free. Neat, huh?
